

Name of product:

**CobiCabling CAT. 6A STP RJ45
keystone, toolless**

Part number:

C21-1001

FEATURES:

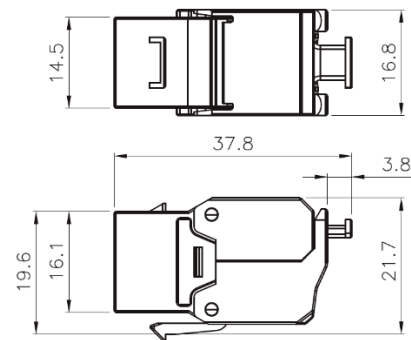

- Tested over a wide range of frequencies exceeding requirements CAT. 6A
- 25-years warranty
- Fully shielded design
- Connections coding according to TIA 568A and 568B
- 26-23 AWG, solid or stranded
- Toolless termination
- Dust cover

PRODUCT DESCRIPTION:

CobiCabling CAT. 6A Toolless Keystone are designed for quick and reliable installation in mind. With a small total diameter it permits several cable entry options as well as several housing options from patchpanels, faceplates and shutters to sub floor boxes. The automatically retractable dust covers keeps the connection pins clean even when not in use for an extended period of time.

COMPLIANCE WITH THE REQUIREMENTS OF STANDARDS:

- EN 50173-1:2018-07
- EN 50173-1:2018
- ISO/IEC 11801:2017
- ANSI/TIA-568.0-D / 1-D / 2-D
- PN-EN IEC 60603-7:2021-07

TYPICAL APPLICATIONS:

- 10GBase-T 10 Gigabit Ethernet
- PoE, PoE+, 4PPoE and Power over HDBaseT (POH) applications up to 100 Watts

Feature	Values
Dimensions ($\pm 0,2\text{mm}$)	Width: 16,8mm, Height: 21,7mm, Depth: 37,8mm
Type of connector	RJ45
Compatible with	6A (backward compatibility)
Shielding	STP (shielded)
Housing	Die cast Zinc-alloy
Conductor diameter	26-23 AWG
